

19th February 2018

Advisory Notice – New SDS’s with mention to CLP

Dear Valued Customer,

We have released updated SDS’s of our products, available at AusDiagnostics website under the ‘COMPANY’ menu > ‘REGULATORY’ page (<http://www.ausdiagnostics.com/regulatory.html>).

New SDS’s mention the CLP Regulation (Regulation (EC) No 1272/2008) which replaces the current rules on classification, labelling and packaging of substances (Directive 67/548/EEC) and mixtures (Directive 1999/45/EC).

Note: there is no change in AusDiagnostics products classification as per CLP Regulation (Regulation (EU) No 1272/2008) as they are still considered as non-hazardous.

New SDS document ID’s and revision number:

- SDS-PS-r08 (Plates (Step 2) and strips (Step 1))
- SDS-Mastermix-r09
- SDS-SynthContr-r07 (Synthetic Positive Control)
- SDS-Swab Elution Buffer-r03

Date effective of change: 19th February 2018

Please don’t hesitate to contact us at info@ausdiagnostics.com or through the details below, if you have any further enquiries or require any assistance.
